

City of Palm Springs

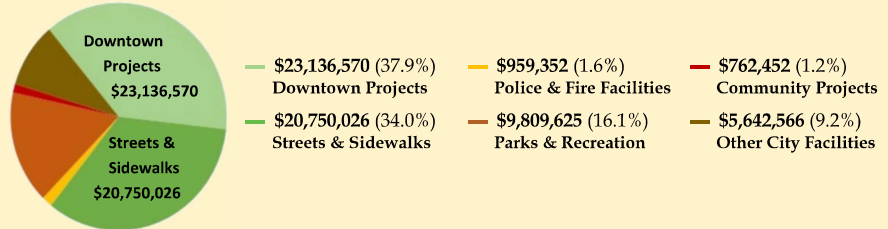

Palm Springs Measure J at Work

In 2011, Palm Springs voters approved Measure J, a dedicated local revenue measure in the form of one percent sales tax increase to maintain local community services and revitalize Downtown. Measure J became effective April 1, 2012.

Public annual audits and citizen oversight committee reports show that Measure J funds have been spent as promised, including 109 miles (or about 44% of All Streets) of road repairs and replacements, fire station improvements, upgrades to the police training center, Welwood Murray Memorial Library, parks and Downtown.

MEASURE J: Shall an ordinance to provide funding that cannot be taken by the State and help preserve Palm Springs city services, including without limitation police, fire, library, parks, streets/pothole repair, acquisition and development of garages and parking facilities, installation and maintenance of improvements and facilities for the implementation of the Museum Market Plaza Specific Plan, by enacting a City of Palm Springs 1% sales and use tax, for 25 years, subject to independent annual audits, be adopted?

Measure J Projects 2013-2019
