2024 General Membership Annual Meeting

Saturday, March 16, 10:30am

Welcome!

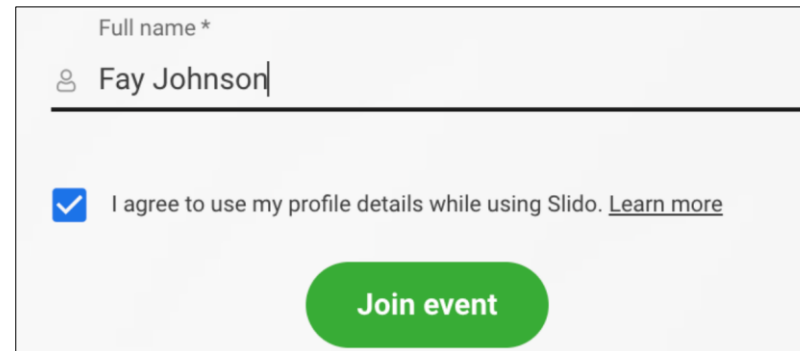

We are using **SLIDO** Polling Software, for:

ATTENDANCE/REGISTRATION, ELECTIONS, BUDGET APPROVAL, VOLUNTEERING, and Q&A

When you first use it, we ask for your name and email address

This information allows us to determine that a quorum has been established

NOrgs typically use paper & pencil and long registration lines, and do not provide a Zoom option

A screenshot of the Slido registration form. It features a text input field labeled "Full name *" containing the text "Fay Johnson". Below the input field is a green checkmark icon followed by the text "I agree to use my profile details while using Slido. [Learn more](#)". At the bottom of the form is a prominent green button labeled "Join event".

IF you wish, **after** answering the FIRST question, you can respond to or all polls **anonymously!**

A screenshot of the Slido user interface during a poll. At the top left, a green circle with the letter "F" is next to the name "Fay". To the right is a green "Send" button. A dropdown menu is open, showing two options: "Stay as Fay" with a green circle and the word "EDIT" in blue, and "Switch to Anonymous" with a grey person icon.

Emergency Management

How!
If you are life dependent on services or if you need additional help in a disaster, now is the time to plan for a disaster. If you are dependent on electricity, register with California Edison (SCE) for emergency power. Provide daily routine medical care in your home. Provide what to do prior to a disaster. Provide medical needs to consider: Medication, First aid kit, Prescription medication, make a copy of medical prescriptions before filling them.

Other things to consider:
Prescription medication, hearing aid, glasses, contact lenses, hearing aids, hearing aid and wheelchairs, etc. If possible a spare pair of glasses and if possible a spare pair of contact lenses. Animal-plan for their needs during a disaster. Provide testing supplies and insulin.

HOW WILL YOU FIND OUT ABOUT EMERGENCIES IMPACTING THE CITY OF PALM SPRINGS?

City of Palm Springs
Community Notification and Alert System

Registration allows Residents and/or Business Members of Palm Springs to set-up preferred contact paths for messages such as cell phone, SMS, home phone, email, fax, pager, TTY/TDD and more—to ensure real-time access to potentially lifesaving information. Also, Registration allows for the opting-in for non-emergency messages from the City. Residents and business owners listed in the White and Yellow Pages will be automatically subscribed to alerts by phone.

To learn about the new system: <http://www.ci.palm-springs.ca.us/government/departments/fire-department-home-page/emergency-alert-sign-up>

To register in the new emergency notification system and opt into general community notifications: <https://member.everbridge.net/index/892807736727048#/signup>

Baristo Neighborhood Meeting

March 16, 2024

Housing Element Basics

- Policy document addressing housing supply, quality, and affordability, and fair housing
- Must comply with detailed state laws
- Reviewed by the Department of Housing and Community Development (HCD) to certify compliance with state housing laws

Housing Element Contents

- Housing Needs
- Analysis of Constraints
- Inventory of Land for New Housing
- Housing Goals and Policies
- Housing Implementation Programs

Housing Elements – What’s Changed?

- **AB 686:** extends the reach of the housing element to more issues beyond housing and essentially incorporates federal fair housing planning requirements into the housing element
- **AB 1397:** greater scrutiny on the use of underutilized sites for feasible development or mixed uses
- **Other:**
 - Greater emphasis on removing potential constraints to development
 - Greater implementation on programs, their impacts, and accountability
 - Compliance with Group Home Technical Advisory (2022)

Regional Housing Needs : Palm Springs

- RHNA = regional housing planning need goals set by SCAG based on population and job growth, equity, and other factors.
- Palm Springs must plan for 2,557 new housing units for 2021-2029 (10 times higher previous RHNA)
- City is **NOT** required to build the housing but does get RHNA credit for new units.
- Should provide buffer of 15-30% over RHNA requirement
- Remaining unmet RHNA is addressed by zoning adequate sites for housing (no GP changes needed)

RHNA Requirements	Goal (units) 2021-29	Goal (units) 2014-21
Very Low Income	545	63
Low Income	408	43
Moderate Income	461	50
Above Moderate Income	1,143	116
Total	2,557	272

Note: Very low-income totals include extremely low-income units

Strategy to Address City's Regional Housing Needs

HOW TO MEET REQUIREMENTS

- Approved and planned projects
- Vacant sites zoned for housing that have/will have appropriate infrastructure and services
- Accessory Dwelling Units (ADUs) based on City's past trends of housing built and projection of units planned and permitted
- After applying strategies above, recommend redesignating 6 acres of land to High Density Residential to achieve RHNA and buffer

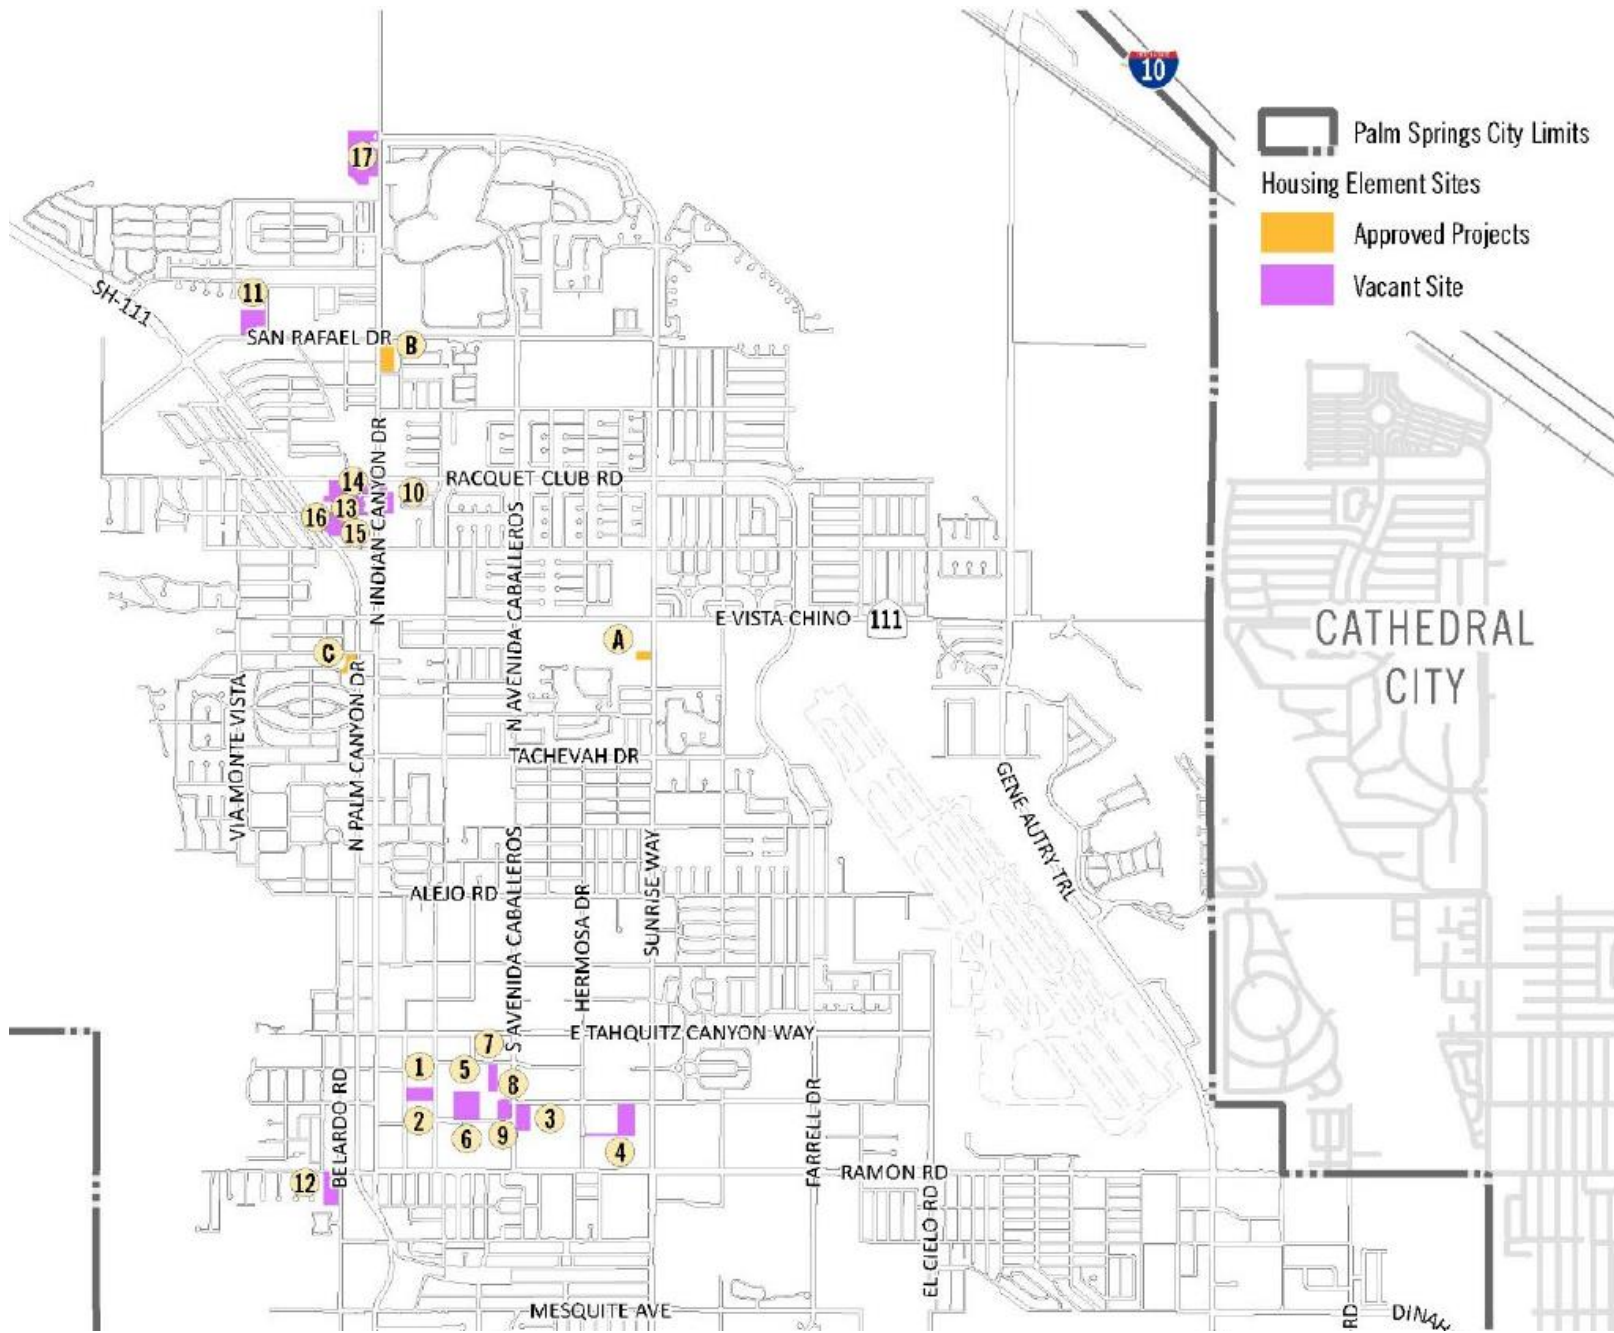

Strategy to Address RHNA

Table 3-41 Strategy to Address the 2021–2029 RHNA

Housing Credits	Housing Affordability Levels			
	Lower ¹	Moderate	Above	Total
Regional Housing Needs	953	461	1,143	2,557
+ Approved Projects	192	88	2,429	2,709
+ Accessory Dwellings	308	165	28	500
+ Currently Zoned Vacant Sites	562	293	-0-	855
Deficit w/o Rezoning	-109	-85	-1,314	
+ Sites to be Rezoned	100	37	-0-	
Remaining Need after rezoning	-209	-122	-1,314
