

WEBVTT

1

00:00:00.010 --> 00:00:04.010

Okay, great.

2

00:00:04.010 --> 00:00:20.010

Thank you. All the cameras up there. Right. I don't know why it doesn't have chat.

3

00:00:20.010 --> 00:00:40.010

Let me just, Yeah. With I don't have a whole Yeah.

4

00:00:40.010 --> 00:00:47.010

Okay.

5

00:00:47.010 --> 00:01:17.010

I mean, Alright. Yeah. Okay, Okay. Thank you.

6

00:01:18.010 --> 00:01:37.010

Thank you. You're learning, Excellent. Sorry. Okay.

7

00:01:37.010 --> 00:01:51.010

And. So, welcome, everyone. And we have some more people, their coming, so our, speak some of our speakers are here.

8

00:01:51.010 --> 00:02:02.010

Members will be here shortly after 11. Your address every month and the. We didn't.

9

00:02:02.010 --> 00:02:13.010

You're speaking time is about 1125 and so on. They're time for that. Other guest speakers we have here.

10

00:02:13.010 --> 00:02:29.010

Include, from one PS, we have the head of one PS, Denise Goldsby here who's filming us, but we are reporting.

11

00:02:29.010 --> 00:02:44.010

Anyway, Done. Here. Also, the one PS is here. Since we started, you know, you can't do that.

12

00:02:44.010 --> 00:02:51.010

So, at least been able to do that. And we're privileged to have the founder of this organization, David Carton here, they become this in 2,007.

13

00:02:51.010 --> 00:03:10.010

Yes. And we'll tell you, tell us a little bit about the history of the organization. And, I'm going to introduce your board.

14

00:03:10.010 --> 00:03:16.010

I'm Nick Parker, board share. And Hacker Vincent is born vice chair.

15

00:03:16.010 --> 00:03:27.010

Patrick and I are both in the village traditions. Development. And we have Michael Conway.

16

00:03:27.010 --> 00:03:37.010

I, Michael said, And. That's, that's where we are.

17

00:03:37.010 --> 00:03:46.010

I'm going to ask you at some point if you, pass along the sign in sheet so we have a record of who's here because this is an annual meeting.

18

00:03:46.010 --> 00:03:56.010

Will do some voting at some point from the important votes. We need to do that. So, having said that.

19

00:03:56.010 --> 00:04:07.010

This meeting is being recorded. Okay. And that's signed in sheer just referenced in there over there by t-shirts.

20

00:04:07.010 --> 00:04:24.010

And he should start. Actually, our for sale. So, I don't know what was willing to appreciate at all, but I think we're asking \$25, which goes to reimburse the job for the teachers.

21

00:04:24.010 --> 00:04:33.010

And that is left over for us to do things with. Michael will be talking to you, in a few days, no more about our funding efforts.

22

00:04:33.010 --> 00:04:39.010

Could I have one more slide? And, our website, if you haven't been other with.

23

00:04:39.010 --> 00:04:50.010

But, other things on there, including all of our documents, or history or live laws. An opportunity to donate.

24

00:04:50.010 --> 00:05:03.010

And most importantly for me is the work groups you can actually read of our work. At our website and we'll talk more about that.

25

00:05:03.010 --> 00:05:12.010

So if you our QR person, that'll just take you to the site. Okay, next slide, please.

26

00:05:12.010 --> 00:05:21.010

Could you go back? Sorry, okay, so at this point I'd like, David.

27

00:05:21.010 --> 00:05:28.010

Please, address the group and tell us a little bit about the history and I'm gonna take notes for myself. I'll look forward to learning.

28

00:05:28.010 --> 00:05:36.010

So I'm sure he's although anything that I do wanna see if this can really help one of these advisors and share documents with us.

29

00:05:36.010 --> 00:05:56.010

You share a So thank you very much. We did start in 2,007 and the team are resurrecting the baristo. He's why we did start in 2,007 and just some fun facts.

30

00:05:56.010 --> 00:05:57.010

I noticed you guys have a new logo which is really about Google. We had the different one that appears on the side.

31

00:05:57.010 --> 00:06:08.010

It was like a long skinny one. And the funny thing was there was a gentleman that was your part-time and he offered to develop our home.

32

00:06:08.010 --> 00:06:14.010

So a high sense we want to have a roadblock but he lived in Seattle and he kept sending me these pictures and in the skeptics.

33

00:06:14.010 --> 00:06:37.010

And then they, he said, look like a chicken. So funny, I caught a picture of the robot in our yard. Set it up to him that we find out. One.

34

00:06:37.010 --> 00:06:44.010

And you go back in in history in 2,007 And, so I kept going to the WPS, and I wanted to create a neighborhood for us.

35

00:06:44.010 --> 00:06:55.010

And they said, no, you're all coming in. Pretty much. And we like single family residences.

36

00:06:55.010 --> 00:06:58.010

And we like single family residences. And I'm thinking, what? I mean, we like single-family residences.

37

00:06:58.010 --> 00:06:59.010

And I'm thinking, family residences. And I'm thinking what? I mean, we all pay our taxes.

38

00:06:59.010 --> 00:07:04.010

We all need my service. And we need services. And why wouldn't be be be on part?

39

00:07:04.010 --> 00:07:10.010

And so I wear them down and they they did this as a test. So we became the thirteenth negative organization.

40

00:07:10.010 --> 00:07:17.010

We started out with 250 members and that was for the Eagaristo and the Rose Garden.

41

00:07:17.010 --> 00:07:26.010

And then within about a year, a year and a half, we had grown to over 1,100. And we at that point there was a period where Fresno was the largest neighborhood in all the neighborhoods.

42

00:07:26.010 --> 00:07:35.010

Now I know there's like 54 of them or whatever. But the nice thing that we really wanted was that those days, pretty much nearest was happening today.

43

00:07:35.010 --> 00:07:50.010

Homeless issues petty that safety issues being things like that. You know and the nice thing was we had to see at the tank And so not only got the one PSV, but they also had access to the city manager to different departments and we utilize that.

44

00:07:50.010 --> 00:08:00.010

There was a big controversy years ago in on Maristo where they had the, you know, the cameo internet in between, 30, every 30 or whatever, and we seated.

45

00:08:00.010 --> 00:08:09.010

And so when you go to that, you know, they also complain about the speed. So the city managers, agree to put up a speed sign where they, they, to put up a speed sign, in the, they, to put up a speed sign, where in the, and document all the cars that went by, they determine that over a week, only 2 cars were exceeding the speed.

46

00:08:09.010 --> 00:08:27.010

Where many, they document all the cars that went by, they determine that over a week, only 2 cars were exceeding the speed.

47

00:08:27.010 --> 00:08:42.010

So I said, 14,000. So I said, 14,000. So I said, what if we raise 7,000 and you contributed 7,000 and you contributed 7,000 and he contributed 7,000 and he said sure and we got the new regional pay from caperers 7,000 and you contributed 7,000 and you said sure and we got the new regional paid from caparius to sunlight.

48

00:08:42.010 --> 00:08:47.010

The other major accomplishment that we had a few years ago was the stoplight there by the boys and girls.

49

00:08:47.010 --> 00:08:51.010

Fug and Rob's there over a period of time. You have the 4 traffic deaths in about 2 years.

50

00:08:51.010 --> 00:09:03.010

As sunrise and remote and in that particular spot. So you organized and also be partnered with warm stands at that time too.

51

00:09:03.010 --> 00:09:13.010

So we have a big public safety meeting at the mobile home park and like 85 people there may ever send the city managers there city council people there and we advocated for that It took us 2 years to get it.

52

00:09:13.010 --> 00:09:21.010

It was the total cost is \$265,000 but we got it up and we have very very few fatalities right now over all these years.

53

00:09:21.010 --> 00:09:36.010

So, you know, I'd like to take a little, as the little neighborhood that could, because we started out very hungry, like I said, with very good reception from the neighbors, but they said they learned to respect us and I became a member of the executive order for like 5 or 6 years.

54

00:09:36.010 --> 00:09:48.010

So our organization had a seat at the table of the executive level as well. And I would just encourage you as you get involved and volunteer your project.

55

00:09:48.010 --> 00:09:58.010

The city is really, really supportive of what you want to do. And you do have But thank you very much.

56

00:09:58.010 --> 00:10:03.010

Yeah.

57

00:10:03.010 --> 00:10:10.010

Yeah. Yes.

58

00:10:10.010 --> 00:10:22.010

This for Michael. And,

59

00:10:22.010 --> 00:10:37.010

Okay. Just to make sure, this is really not today. Office. We had.

60

00:10:37.010 --> 00:10:46.010

Okay, whatever phone fire, bank balance, as I'm gonna do, some donations from board members.

61

00:10:46.010 --> 00:10:57.010

And then we have some big mine donations which are awesome from, putting this funds for this.

62

00:10:57.010 --> 00:11:07.010

And, our liabilities. It's about \$909, for, insurance.

63

00:11:07.010 --> 00:11:19.010

And, also fundraising, trying to respond with its teachers. The, 1, 100, and, 97, we really appreciate it.

64

00:11:19.010 --> 00:11:26.010

This is No, like, we've restarted this. We're starting actually from 0.

65

00:11:26.010 --> 00:11:32.010

So anything anyone could do would be to help. Doesn't matter. It is small. It is.

66

00:11:32.010 --> 00:11:40.010

Every dollar will help. So I appreciate it. Okay. Thanks very much, Michael.

67

00:11:40.010 --> 00:11:56.010

We appreciate it. And, I can have the next slide please. So for those of you familiar with, one to one PSA, please.

68

00:11:56.010 --> 00:12:03.010

So, for those of you who are familiar with, one to one PSA, but, why should volunteers and we're trying to make things happen.

69

00:12:03.010 --> 00:12:14.010

But in the 20 first century, so necessary for certain things. More important officer insurance, of course, you know, top of our list.

70

00:12:14.010 --> 00:12:24.010

But generally, it's a communication, making science, distributing materials, printing. Make sure you're, social meetings.

71

00:12:24.010 --> 00:12:41.010

We like to do more social meetings with even more tubes. Okay. And then, what the neighborhood, to install one sign in the intersection cost more about \$150.

72

00:12:41.010 --> 00:12:50.010

They're not free and we'd like to come in the neighborhood with our main science because both of them came with me is still the center of that.

73

00:12:50.010 --> 00:13:05.010

Way something is really important to us. And the neighborhood identity is very important to us. The neighborhood itself is up to, approximately 2,200 residents according to next summer.

74

00:13:05.010 --> 00:13:14.010

Got a lot of room to grow, obviously. But establishing a visual identity. It's important as well.

75

00:13:14.010 --> 00:13:23.010

Other neighborhood projects, I know Michael is contemplating a cleaning of some areas and that requires a purchase of some implements and few other things in order to handle that.

76

00:13:23.010 --> 00:13:41.010

We may as well want to make relations to the local cause. Great causes that are. Impacting racial or positive way, working in pre delivery.

77

00:13:41.010 --> 00:13:47.010

That you might wanna look at. And then, general, fundraising.

78

00:13:47.010 --> 00:14:00.010

But creating funds costs something, so fundraising. So those are examples, but I don't think many of these examples really are.

79

00:14:00.010 --> 00:14:07.010

Compared with some of the accomplishments that, and, and, have been made. Several years ago, especially in the streets.

80

00:14:07.010 --> 00:14:16.010

It's just amazing. So. That's the potential. Where are we going to raise money?

81

00:14:16.010 --> 00:14:27.010

Well first voluntary member donations And, we're asking, this is just an ask for those of you who are able to do this.

82

00:14:27.010 --> 00:14:36.010

Contribution of 25^Â HA year. When we rate, again, we've got a couple 1,000 residents in our neighborhood.

83

00:14:36.010 --> 00:14:43.010

I mean, we didn't have vision for everybody being able to do that or interested. But that would be very helpful and we've provided new ways to donate.

84

00:14:43.010 --> 00:14:53.010

We have an online method now we have a donation stage at the website. It's a standard.

85

00:14:53.010 --> 00:15:07.010

With your, and then we have today only we have the donut.

86

00:15:07.010 --> 00:15:27.010

And if you think that's a super, I will take credit for it. And you can see, because then you got the whole work done.

87

00:15:27.010 --> 00:15:49.010

I have on this argument last. That's what I hear. Some people call it Tuesday. We have We have our eyes set on our project since we, but we're going to see to determine what they believe it's needed.

88

00:15:49.010 --> 00:15:50.010

And who gets that? So you're, of the size of some of the projects that the organization did earlier.

89

00:15:50.010 --> 00:16:06.010

There are a measure J is available in the city. Oh, I think it's currently filled with applications at the moment.

90

00:16:06.010 --> 00:16:15.010

I did a sizeable application for a major day when, It's been a mature.

91

00:16:15.010 --> 00:16:35.010

It's very dual and funds are real and funds to go to greater purposes. In addition to that, Just, but just make sure anyone snowed to the, possible neighborhoods bylawed to prevent us from ever cloud any personally.

92

00:16:35.010 --> 00:16:48.010

Directly or in your directly for many donations or any work. That we contract have done. And everything, but anything over \$100 for pires over the board.

93

00:16:48.010 --> 00:16:59.010

Yeah, anything, really significant. Just, and we're going to take a couple of membership calls today, David.

94

00:16:59.010 --> 00:17:09.010

That made a suggestion when we started doing the place science, we did the docuSign program. And so we've got a lot of, ways donate money for those particular sites.

95

00:17:09.010 --> 00:17:12.010

We can have individuals also don't they need the adoption. And then just recognize them. That's great.

96

00:17:12.010 --> 00:17:25.010

I think it's great because you know working system with 13, you know, we're, you know, we're, working system with 13, and many, many.

97

00:17:25.010 --> 00:17:27.010

So it's easy to. If my brood and say, hey, this side, you wanted to sign a should look for both.

98

00:17:27.010 --> 00:17:41.010

So thank you for that. When I was outside, a woman came up to me and she wanted to know.

99

00:17:41.010 --> 00:17:49.010

What was going on? But what she really wanted, her name was Susan Livmann and she said to specifically, compliment you.

100

00:17:49.010 --> 00:18:04.010

Sign outside because she said she absolutely loved. The road runner sorry and it caught her attention and she wanted to know who created it.

101

00:18:04.010 --> 00:18:11.010

So, yeah, I didn't know what she was gonna say so. So she said, please.

102

00:18:11.010 --> 00:18:28.010

Hey, a compliment to you and to all of this for going without Thank you. And did she say that she shouldn't be a rooster?

103

00:18:28.010 --> 00:18:40.010

But she does, she doesn't get sunrise. So. Okay. So, we have a, we have a, there are 4 board members today and, We should roll on the minutes of the June meeting.

104

00:18:40.010 --> 00:19:00.010

Which was our last meeting just to get a little board business out of the way. Is there a move to, a motion to approve the board? I'll move to approve the.

105

00:19:00.010 --> 00:19:09.010

14. So the board minutes are approved. And next is a motion that will. Require all of you to to vote and serve.

106

00:19:09.010 --> 00:19:20.010

And you have a discussion on it as well. But the bylaws changed in, 2,019.

107

00:19:20.010 --> 00:19:32.010

Bylaws change really, they were updated for all the neighborhoods that exist. I do recall that we were in little custody in 2019.

108

00:19:32.010 --> 00:19:47.010

Our speaker, 2,019, we also resolved to accept the new bylaws. And the bylaws, in many cases, little custody included and a brief all included.

109

00:19:47.010 --> 00:20:03.010

One BS had asked for changes in borders extremely expanded. Reach, so, in areas, including anticipation, future residents, future areas being developed.

110

00:20:03.010 --> 00:20:10.010

I could be included. So that's very important. But to other price, the.

111

00:20:10.010 --> 00:20:19.010

Bylaws and, you know, let her down a slide out of that.

112

00:20:19.010 --> 00:20:33.010

I lost screen. So, a biologically created in 2,017 and then dated in 2,016 and then updated 2019 and At the time this 2019 my laws were developed.

113

00:20:33.010 --> 00:20:43.010

The, so organization is not active or did not have And so those my boss never been accepted.

114

00:20:43.010 --> 00:20:59.010

So it's, it's, it's, it's, it's, it's, it's, it' just so you know, the, membership status and this, goes to Davis, point earlier, membership status was updated to include all residents and businesses.

115

00:20:59.010 --> 00:21:11.010

All presidential units from the neighborhood. Board of Advisors have changed to board of directors and there's new rules on that number of directors now.

116

00:21:11.010 --> 00:21:20.010

For permitted to have 9 members. Notifications of board meetings are required to be provided on requests.

117

00:21:20.010 --> 00:21:27.010

Now, public postings and we post on next door and we also post on our website and we post to send the notices to all members.

118

00:21:27.010 --> 00:21:55.010

And our email list Anyway, so problem with postings are now required. And finally, our boundary was changed down so that instead of stopping an Indian Canyon western host, R.

119

00:21:55.010 --> 00:22:06.010

North And so we take another block, but that lot is shot full of restaurants and other. So it's kind of a big deal for us.

120

00:22:06.010 --> 00:22:25.010

So on this side of Well, I know this. We, it's reasonable. So, John or, is there anything that we should add to that?

121

00:22:25.010 --> 00:22:41.010

As we were just discussing the boundary. Change. Okay, so Ned at the last the last PS meeting that we did the One PS did a presentation on.

122

00:22:41.010 --> 00:22:45.010

All the areas that are covered and there's a little over 5,000 residents that aren't covered by the neighborhood.

123

00:22:45.010 --> 00:22:57.010

And the whole downtown corridor is not covered. And so this would be the first step. And so this would be the first step in the neighborhood.

124

00:22:57.010 --> 00:23:01.010

And so this would be the first step in the neighborhoods encroaching into the downtown. And so this would be the first step in the neighborhoods encroaching into the downtown.

125

00:23:01.010 --> 00:23:02.010

We didn't want to go across the street. We didn't want to interfere with the other side, the neighborhood on the other side.

126

00:23:02.010 --> 00:23:16.010

But we really wanted to, will be the first one to start expanding into these to take into these 5,000 residents into into account.

127

00:23:16.010 --> 00:23:34.010

So I think it'll hopefully snowball. We they did a presentation where we look all around the city and there there are a lot of residents that aren't represented in If you've not been to one PS meeting, the voice our voice is heard through that.

128

00:23:34.010 --> 00:23:42.010

And so if you don't have a representation. At that one PS meeting and the access to city council through that and and the city manager then you are missing out.

129

00:23:42.010 --> 00:23:57.010

You really have good access to the city, to be heard. Thank you. What's the northern border again of the neighborhood?

130

00:23:57.010 --> 00:24:14.010

Hitwood Tchwitz. So God wants to alone and then, before the motion, is submitted, is there any further discussion?

131

00:24:14.010 --> 00:24:19.010

Questions.

132

00:24:19.010 --> 00:24:29.010

Great. While you accept that, I would like to pay motion. New my laws that were drafted.

133

00:24:29.010 --> 00:24:46.010

Yes, Membership. I'm sorry. So I relate to the ocean of membership.

134

00:24:46.010 --> 00:25:02.010

Well, to, accept the 20, And yes, and slightly to meet with quite a few scruple for things like adding the name of our website.

135

00:25:02.010 --> 00:25:14.010

Good one, we have been looking at any changes, Okay, you mentioned that that we are Bible and C 4 interested.

136

00:25:14.010 --> 00:25:32.010

Sure. Let me say that, no further discussion. And, can you ask people, you see people in there, Are you, And I would like to make a motion in the partnership except the nearby laws.

137

00:25:32.010 --> 00:25:37.010

All in favor. Please raise your hand.

138

00:25:37.010 --> 00:25:48.010

Yeah. Yeah. Okay. 13, Yeah, I see.

139

00:25:48.010 --> 00:25:56.010

16 and. Yes, some additional ones.

140

00:25:56.010 --> 00:26:09.010

Nope no votes online. 0 2. Yes, 2 more online. And, are there any navels, anyone opposed to accepting those?

141

00:26:09.010 --> 00:26:22.010

There's no opposition in the meeting room, No. Okay. So, bylaws.

142

00:26:22.010 --> 00:26:33.010

Thank you very much for that. That was important. Having said that, Sure, turn the soldiers.

143

00:26:33.010 --> 00:26:39.010

Let's see.

144

00:26:39.010 --> 00:26:46.010

I can, So we probably beat this with a dead horse. The t-shirts, the t-shirts.

145

00:26:46.010 --> 00:27:03.010

This is really our first big way to one visibility. In the neighborhood. And a fundraiser for us that we're everybody is getting something out of it and we can advertise for so that we get a little bit more visibility and more membership.

146

00:27:03.010 --> 00:27:08.010

With that

147

00:27:08.010 --> 00:27:22.010

But, so she's got changed they're \$25 a piece please please we have medium large and extra large And I don't know if there's a slide.

148

00:27:22.010 --> 00:27:34.010

Okay. So we wanted to talk a little bit about one PS. I've been going to the meetings.

149

00:27:34.010 --> 00:27:41.010

Since January, I guess it's eye opening and I think they're they're open to the public right so anybody can go right to me.

150

00:27:41.010 --> 00:27:46.010

So, but it's mostly neighborhood organizations that are attending, but it's interesting to hear what's going on.

151

00:27:46.010 --> 00:27:50.010

The city. It's kind of like an inside scoop of what's going on in the city.

152

00:27:50.010 --> 00:28:03.010

So the the recent tropical storm, the city prep and what they did the police came and talked about we didn't we didn't lose any.

153

00:28:03.010 --> 00:28:13.010

Homeless individual that's living in the washes. They when the police went through and swept the washes and made sure that people knew what was happening, what was coming, and got the people out of the washes.

154

00:28:13.010 --> 00:28:25.010

It was amazing the work that the police did there and not to lose anybody. And then they monitored where they went because then they were afraid that they might be some issues with that.

155

00:28:25.010 --> 00:28:39.010

And there were none. So, so that was really good. The Toachella Valley, it was an organization of governments came and spoke to us about the bridge on Indian Kenya.

156

00:28:39.010 --> 00:28:48.010

So it's a 300 million dollar project is what it originally was. They have now paired this down to a 50 million dollar project where they're going to work with all of the Valley governments.

157

00:28:48.010 --> 00:28:58.010

And putting a bridge across the worst part where it's flooding and where it closes most of the time.

158

00:28:58.010 --> 00:29:04.010

And it's going to be like a prefab bridge. Circle little circles with the flat top.

159

00:29:04.010 --> 00:29:11.010

It's all going to be connected. It's much faster to put in. They the state wants to give us 50 million dollars.

160

00:29:11.010 --> 00:29:30.010

Is that what it is? That's the grant we've asked for. And so, the the cities have all come together it is the the first thoroughfare that we really need to get the bridge because it is our main artery to the hospital for desert hot springs and for the other cities to get to the hospital.

161

00:29:30.010 --> 00:29:38.010

So hearing that information upfront and what's going on because as a resident you say I've been working on that for years they are still working on it but it's coming to fruition.

162

00:29:38.010 --> 00:29:48.010

The changes at the airport were discussed. We missed the sign, got washed away. That's coming back.

163

00:29:48.010 --> 00:30:00.010

And the, the budget, the 2 year budget and for us what I thought was really encouraging is that we were slated for new playground equipment at Baristo Park as part of that two-year budget.

164

00:30:00.010 --> 00:30:13.010

So that's going to be coming soon. The the police have a a program, for, housing the homeless basically and going through and something I didn't realize that they were doing, they've reunited 30 people with their families.

165

00:30:13.010 --> 00:30:28.010

Where we put them on a plane or they put them on a bus. And get them back to and communicate with their family, not just we're not dumping them off with their family, but they're communicating.

166

00:30:28.010 --> 00:30:33.010

Can you help? Can you take care of them? And so that effort is going is continuing to go on.

167

00:30:33.010 --> 00:30:56.010

But I think what I found most impressive is that the the city listens to the neighborhoods and and really kind of governs through this one PS system and where the neighborhoods bring our concerns to them and and they listen and I and I think that coming up.

168

00:30:56.010 --> 00:31:26.010

Not quite yet, but we'll talk about it a little bit. And, and, and one, for example, so, so we've got 3 priorities with Barista when we took out that survey and it's traffic beautification and homelessness and working with Scott Styles and and and our traffic issue that's the the work group that I'm working on we had no speed limit signs on on Elsa Gundo

169

00:31:28.010 --> 00:31:32.010

between Ramon and Tquets. And so it was fair game for anybody who's heard the the screeching of tires and the speeding and all that going around the corner and down.

170

00:31:32.010 --> 00:31:44.010

So there's now a new 35 miles speed limit sign at the request to breed out on that road.

171

00:31:44.010 --> 00:31:54.010

So it's that kind of thing that we as a group can work toward and and influence the city and get and get things with it that we need.

172

00:31:54.010 --> 00:32:03.010

So that was my little. Spiel on one PS and why this is so important. Any questions?

173

00:32:03.010 --> 00:32:11.010

So, and I'm, so do you represent Maristo at the one DSM for us or this one?

174

00:32:11.010 --> 00:32:18.010

Yes, Ned has designated me to go to the meeting. So I've been I haven't missed one yet but but they're available.

175

00:32:18.010 --> 00:32:22.010

You can watch them online, but I've been I haven't missed one yet but but they're available. You can watch them online too.

176

00:32:22.010 --> 00:32:23.010

So if you want to participate, you don't have to go. It's nice go because there's cookies and coffee and stuff.

177

00:32:23.010 --> 00:32:36.010

That Denise provides, which is kind of nice. So it's my chocolate chip cookie one every month, but you can watch online as well. So they broadcast through you through YouTube.

178

00:32:36.010 --> 00:32:43.010

So you can do that as well. Really informative. It's about hour and a half, 2 h meeting.

179

00:32:43.010 --> 00:32:50.010

But they have different speakers, the water district came and talked about they've reupped the.

180

00:32:50.010 --> 00:33:03.010

The the grass if you do the the turf conversion that they're doing \$2 a square foot and then the the city is matching I think another dollar so they came to talk about that program, the parks and recreation came and talked about.

181

00:33:03.010 --> 00:33:08.010

I didn't know we had indoor pickleball cords. I knew that. That's great for the summer.

182

00:33:08.010 --> 00:33:17.010

So there's there's a lot of things that you find out about the city and what the the components are the cities working on.

183

00:33:17.010 --> 00:33:28.010

Yes. Just point out to add to what you say. Okay, then we're doing YouTube now, which is what's called Washington in the past.

184

00:33:28.010 --> 00:33:35.010

And that it's accessible from our website and our website is is our website list on your website. Yes it is.

185

00:33:35.010 --> 00:33:51.010

Okay. Alright, and you'll get to the user. And it's Wednesday, 4 30.

186

00:33:51.010 --> 00:33:58.010

I just wait for your email. Reminds me when I've got a

187

00:33:58.010 --> 00:34:06.010

Right. Is there a way that we should, people who want to be informed to have.

188

00:34:06.010 --> 00:34:21.010

Yeah, just send me your email. Address to me and I'll get you all the, address to be and I'll get you on the agenda distribution list and I'll get you on the agenda distribution list and my, distribution list and my, distribution, to see what's going on all the time.

189

00:34:21.010 --> 00:34:28.010

I have a

190

00:34:28.010 --> 00:34:38.010

Yes, can I make one more suggestions about fundraising? I think it would be fun for the whole name to do.

191

00:34:38.010 --> 00:34:44.010

Do you need above it? I know, Mark, I'm really, And that party could be like a fundraiser.

192

00:34:44.010 --> 00:34:54.010

I think there's a Hello there on, have you just have, Tennis courts are, we've done that in the past, it'd be a great location or somebody else has an idea.

193

00:34:54.010 --> 00:35:00.010

And the theme could be to give up and learn, you know, your lionessers and have many other music.

194

00:35:00.010 --> 00:35:08.010

For, I mean, using and and Caribbean uses. And this may be a real funny, I think our target is very much into junior public.

195

00:35:08.010 --> 00:35:13.010

And the nice, of learning, I think, to be a good attention getter. Yeah, a great idea.

196

00:35:13.010 --> 00:35:24.010

I don't know. So.

197

00:35:24.010 --> 00:35:32.010

Good. Thank you very much. And I'll be happy to help. Okay.

198

00:35:32.010 --> 00:35:43.010

Okay. Thank you very much for that. Can you give us the next slide? So, board members are elected.

199

00:35:43.010 --> 00:35:55.010

By the membership or new membership. At the at the annual meetings. So it's time for us to like our board members.

200

00:35:55.010 --> 00:36:06.010

And there are only 4 board members. We allow one, yes, the bylaws, wow, I board members and I've worked on And.

201

00:36:06.010 --> 00:36:19.010

It has buses in my essence, but it is good to have more, better. And so we've had for the past little over a year.

202

00:36:19.010 --> 00:36:30.010

Have had 4 board members. And, and, G, is, And. So she's not in person today.

203

00:36:30.010 --> 00:36:36.010

I'm sure she's. The zoom. And the 3 of us.

204

00:36:36.010 --> 00:36:42.010

Have worked diligently to accomplish what we've been able to but having additional resources, it would be very helpful.

205

00:36:42.010 --> 00:36:54.010

So the 3 of us that are here today are going to run for reelection so we can consider us a slave.

206

00:36:54.010 --> 00:37:07.010

But we also are permitted to take, nominations, some nominations today and be happy to do so.

207

00:37:07.010 --> 00:37:36.010

And, you know, it's. I got almost something to do. We're scheduling quarterly board meetings and we're doing that because we want to spend less time asking people to come to the nuts and bolts of this organization and, and more time with the work groups and doing doing things with our.

208

00:37:36.010 --> 00:37:43.010

Too short. So. You can join, you can always train in Zoom if you're a traveler.

209

00:37:43.010 --> 00:37:53.010

And. Activities the board does as much as those at once so you're you're determining a determinant of that.

210

00:37:53.010 --> 00:38:05.010

And not all board members. Not all board members are. Officers. So there are board members large, which is.

211

00:38:05.010 --> 00:38:16.010

That's the part of that church work work. However, it's also funny, you know, today we have donates, there are other things that we do that are fun.

212

00:38:16.010 --> 00:38:24.010

And anyways, anyone interested in nominating themselves to be on the board or nominated someone else?

213

00:38:24.010 --> 00:38:31.010

You need some I heard it. No.

214

00:38:31.010 --> 00:39:01.010

We need someone in, Okay. Oh, okay. So I 3 board members on video snake.

215

00:39:07.010 --> 00:39:16.010

It's on the screen. And then 3 board members are here today. He's good looking t-shirts.

216

00:39:16.010 --> 00:39:21.010

You'd love to hear as board members.

217

00:39:21.010 --> 00:39:26.010

Okay.

218

00:39:26.010 --> 00:39:29.010

I'll second.

219

00:39:29.010 --> 00:39:36.010

Second. Mostly, any additional discussion?

220
00:39:36.010 --> 00:39:44.010
Okay, so. All in favor? Raise your hand.

221
00:39:44.010 --> 00:39:51.010
And. Are we have some online?

222
00:39:51.010 --> 00:39:54.010
No, votes yet. Okay.

223
00:39:54.010 --> 00:40:02.010
So I think we have 7. One.

224
00:40:02.010 --> 00:40:06.010
Hello.

225
00:40:06.010 --> 00:40:21.010
Okay. And on Angie's where anyone, anyone, so we have, 20, I think, all day, September.

226
00:40:21.010 --> 00:40:32.010
And it's looking at, right now. On your own hand here. See. Yes.

227
00:40:32.010 --> 00:41:02.010
Thank you. Yeah, if you have any friends, It's, Perfect. So, We just been joined by our council member, is comprised of House member Ryan Hart.

228
00:41:05.010 --> 00:41:11.010
Good. To address this in just few minutes. So thank you. We'll just develop here.

229
00:41:11.010 --> 00:41:20.010
And, I didn't want to talk about, are you okay? If I do that version, would you like to come now?

230

00:41:20.010 --> 00:41:31.010

No, I'm fine. So, okay, Yes. May I suggest that we take a break for the council person because otherwise.

231

00:41:31.010 --> 00:41:44.010

Just I appreciate that very much. And, they're monthly work rooms. We take a couple minutes.

232

00:41:44.010 --> 00:41:54.010

And then the council member in Hertz going to address the group. And I believe that that So, said that, how do we affect change?

233

00:41:54.010 --> 00:42:04.010

We believe in work formation. We don't love the person. The work room formation, the work group leader from the team.

234

00:42:04.010 --> 00:42:14.010

Our work group followers have bored. And I've got the 35 mile hour sign. The dances.

235

00:42:14.010 --> 00:42:31.010

I also don't have a single but browser site, Patrick basically got involved. So as an example, it's not that's a smaller general compared to some of the things David mentioned but One step at a time.

236

00:42:31.010 --> 00:42:40.010

Currently, we did a survey, there were 68, 68 of you responded to our survey.

237

00:42:40.010 --> 00:42:54.010

And the top 3 items are concerned by the neighborhood were traffic and pedestrians safety. Patrick, Vincent, is, the, beautification by Michael Conway.

238

00:42:54.010 --> 00:43:02.010

Oh, excuse me. My, is, based on that group and homelessness. What can a neighborhood do anyway about that?

239

00:43:02.010 --> 00:43:10.010

And I'm gonna page on to that group. And just so you know, those groups are all active.

240

00:43:10.010 --> 00:43:19.010

And started each group has 2 or 3 members what we're looking for more support out of that. So yes, as they see this.

241

00:43:19.010 --> 00:43:32.010

That is. Yeah, No, You just, around and just pass it around. You're interested in sign up.

242

00:43:32.010 --> 00:43:48.010

And when you sign up, she's gonna do it. We have. So. What to say is that the work groups are going to define what you're going to work on.

243

00:43:48.010 --> 00:43:49.010

And bring that back to the full. And, and say, hey, this is what we think is most important.

244

00:43:49.010 --> 00:44:13.010

This is what's doable at this time. So the issue is as defined by the. Are pretty clear and, Patrick, if you could take me down to, The work room form.

245

00:44:13.010 --> 00:44:17.010

And that's, we're busy. It's around now, everybody will sign up.

246

00:44:17.010 --> 00:44:31.010

And then the next slide is online. Now if you go to our website, you can read more about what but you can also volunteer you just fill in a very short form volunteer.

247

00:44:31.010 --> 00:44:43.010

And meetings are when and where the word group wants to have. So, Cumberse administrative.

248

00:44:43.010 --> 00:44:52.010

Work group's ease could be as long or as short as you want. And, It's say I've had a work group.

249

00:44:52.010 --> 00:45:00.010

2 members and homelessness had hit my home. And, I've had some other meetings.

250

00:45:00.010 --> 00:45:08.010

Regarding, IT, MY, A, and, HOPE, IS, that's, that's, that, with, my, helmet, some, of, my, cell, and, coffee shop.

251

00:45:08.010 --> 00:45:17.010

And, vice chair of, well, yeah, the desert that I call them. So these are casual.

252

00:45:17.010 --> 00:45:25.010

Informative meetings where we try to learn more and make suggestions to the entire. Group and suggestions that are.

253

00:45:25.010 --> 00:45:35.010

To the benefit of the. So, Harry said that. We're gonna pass the sheet around.

254

00:45:35.010 --> 00:45:50.010

But you can certainly go online and. Accomplish this as well and you know people that have interest you have a friend that says hey He's, he's a.

255

00:45:50.010 --> 00:46:02.010

Or I saw this happen or, like, Okay, tell them to go to regional penis.

256

00:46:02.010 --> 00:46:23.010

Dot com. And sign up to participate. Happen. Yes, is there any interest at all in the average meeting for a stop sign there That area, the end, as well as a crosswalk.

257

00:46:23.010 --> 00:46:38.010

And other crosswalks at Avenue to Kabiros at Baristo because people walk into downtown and then crosswalks at Arenas because all of our roads are Not lined up, right?

258

00:46:38.010 --> 00:47:00.010

And so there's not stop signs anywhere over on Elsa Gundo. So going into the park going there the the barista road crossing because we see a lot of people walking there that that the group is working on with with the city we've spoken to the city about it and with the police department.

259

00:47:00.010 --> 00:47:04.010

And asking for the prospects that are lighted because if you've ever walked back down from Arenas home it's really dark.

260

00:47:04.010 --> 00:47:14.010

And we don't believe in street overhead lights in Palm Springs, which is great, but it's so hard to see pedestrians at night through that area, that corridor.

261

00:47:14.010 --> 00:47:42.010

And so that's been an issue as well. As one of the things for fundraising for us is there's a little piece of sidewalk that's missing on tribal land on Elsa Gundo as well and people park all kinds of crazy ways up in the dirt and and just getting the sidewalk and occur.

262

00:47:42.010 --> 00:47:54.010

From that one apartment complex to the next is something that we would like to to be able to do and possibly fund so that there are pathways, safer pathways into down town for us as we're walking through the neighborhood.

263

00:47:54.010 --> 00:48:07.010

People don't want to walk remote and talk with because of the speed of the traffic. And in those traditions, we had an issue with a driver hitting our wall and taking that out.

264

00:48:07.010 --> 00:48:18.010

And so it's just not the best. Just too fast or traffic and if you feel too vulnerable being that close to that traffic so people are walking internally, but we don't have good pathways to do that.

265

00:48:18.010 --> 00:48:29.010

So that's one of the things that we're trying to focus on. The other observation that we've had is, you know, we're gonna have that new 230 apartment building.

266

00:48:29.010 --> 00:48:44.010

We have to be using that portion of our most. That's coming through. Right. And I didn't meet with the 4 assisted city manager. And I didn't meet with the 4 assisted city manager.

267

00:48:44.010 --> 00:48:48.010

And he bent me at the intersection and said that, right. And I didn't meet with the former assistant city manager.

268

00:48:48.010 --> 00:48:54.010

And he met me at the intersection and said that, well, that way, Caltrain, if somebody has these rules that you have to have 3 accidents or 5 accidents.

269

00:48:54.010 --> 00:49:24.010

Well, I think they're going to be doing something at that. So you may not want to report something at 30'clock in the morning.

270

00:49:38.010 --> 00:49:57.010

It wakes you up and you don't want to reach for the phone and call it in. So what they're suggesting is that you called a non-emergency number at (760) 327-1441 and report it when you wake up in the morning but given the time of things that are happening because what they're doing is they're tracking like you're talking about the accidents have to happen

271

00:49:57.010 --> 00:50:07.010

in a particular area before the county will consider something. Because stop signs are county to do that. And so, but the police need.

272

00:50:07.010 --> 00:50:15.010

They want to know the times where it's happening and it can be after the fact. But if the more that we're reporting, then they start sending patrol.

273

00:50:15.010 --> 00:50:20.010

During those times when we're when we hear that so we need to we need to report and that kind of what you're that area that you're talking about.

274

00:50:20.010 --> 00:50:26.010

And when you make sure that we're reporting that the next day or whatever with the time and the location.

275

00:50:26.010 --> 00:50:42.010

So I've been working very closely with Chief Builds on a part of our organization. So I've been working very closely with Chief Bills on a lot of issues.

276

00:50:42.010 --> 00:50:46.010

He has 2 or 3 employees that's on a lot of issues. He has 2 or 3 employees that's been helping us out.

277

00:50:46.010 --> 00:50:50.010

So if you want me to share with you what we've been helping us out. So if you want me to share with you, he has 2 or 3 employees that's been helping us out.

278

00:50:50.010 --> 00:50:59.010

So if you want me to share with you what we're doing on our end, and, and, and, and, and, and, and, Thank you, thank you, and appreciate it.

279

00:50:59.010 --> 00:51:09.010

In the area of homelessness in addition to the meetings we've talked about. And the thought was that we don't, that seniors know.

280

00:51:09.010 --> 00:51:19.010

A couple of business seniors myself especially. And, We're the, vice-group of new farmers.

281

00:51:19.010 --> 00:51:35.010

The homelessness on all the development coming from senior. Area. And we think about grey cell, perhaps, and we don't have a home care program operating at all.

282

00:51:35.010 --> 00:51:54.010

That's the closest one. You're not familiar with all share. Home share takes a phone, person isn't a home, this house, and a second vulgar person who's in a house in an area in a region and they work on putting them together in a way that benefits both of them.

283

00:51:54.010 --> 00:52:05.010

So it's a preventive. Measured. All the home, someone from coming. And it's big issue is going to get bigger.

284

00:52:05.010 --> 00:52:13.010

So that's just a discussion. It's sort of day, we can't do it in an organization like that.

285

00:52:13.010 --> 00:52:20.010

We can't, everybody, but we can certainly, and work, created, put pressure on somebody to create something.

286

00:52:20.010 --> 00:52:31.010

And, we certainly couldn't be a source for potential matches and just simply that way. So our concept of working.

287

00:52:31.010 --> 00:52:37.010

Oh, it's just too, we don't have a campus this time to worry about everybody.

288

00:52:37.010 --> 00:52:41.010

Why help?

289

00:52:41.010 --> 00:53:02.010

She wanted to talk about the education. Just briefly, yes. Okay. Oh, yeah, You know.

290

00:53:02.010 --> 00:53:13.010

Off with is to build a connected tissue between the neighborhood and advocates in city who can help us with.

291

00:53:13.010 --> 00:53:29.010

Issues around. Yeah, and then they kind of overlap so you can kind of think about it. In our neighborhood we have a lot of And inland, bigger loss that end up being Have them traditionally.

292

00:53:29.010 --> 00:53:36.010

A lot of homeless, a lot of garbage, a lot of trash, a lot of there.

293

00:53:36.010 --> 00:53:49.010

But a legal bomb being industrial, garden ways, house space. And it's it's there until someone goes and leaves it up and usually it's not.

294

00:53:49.010 --> 00:54:09.010

And so. Yeah, we need to kind of figure out how we can make those those areas. Appealing those sort of small environmental biosomes that are you know, small pockets of nature deserve for, you know, monitoring birds.

295

00:54:09.010 --> 00:54:19.010

Wildlife and things like that. But, yeah, when you call the issue was, you call about homeless accounts.

296

00:54:19.010 --> 00:54:30.010

You know, there's a lot of times we'll go and And so what I'd like to do is have a honest dialogue.

297

00:54:30.010 --> 00:54:42.010

Kind of this around beautiful location in our neighborhood about what happens on Indian land and you had ill in partnership so they understand how are they were pills about that.

298

00:54:42.010 --> 00:54:52.010

We also have a lot of party Trying to, and people who work at our, you know, construction workers.

299

00:54:52.010 --> 00:54:59.010

Health care workers. And, on sunrise and, and the, so there's a lot of letter.

300

00:54:59.010 --> 00:55:11.010

I've seen them engine out their cars and just throwing out and it's like maybe we can put us the size and say please don't let her.

301

00:55:11.010 --> 00:55:18.010

That, we talked about safety about 5 planes on an Indian land on the resto. There's a tree.

302

00:55:18.010 --> 00:55:32.010

That hangs over and the device have to go around out of the lane and that's a very small lane right there of course so it's not sort of waiting to have so there's a lot of people in the neighborhood.

303

00:55:32.010 --> 00:55:38.010

A lot of places, there's a lot of people outside and they're active, they're getting their chefs in, all those sort of things.

304

00:55:38.010 --> 00:55:47.010

But you have to walk around that, especially in the morning. You've got people that are rushing in or someone's gonna get someone who's having to go around this tree.

305

00:55:47.010 --> 00:55:54.010

And it's blind and people are coming down the races. Someone's gonna get that. My problem is, is a great tree.

306

00:55:54.010 --> 00:56:02.010

My problem is if I go to the Indian affairs or say something to the city, they go to any affairs, they're going to come and just chop out.

307

00:56:02.010 --> 00:56:11.010

Which is why I do that. Yeah, it's beautiful trade. You know, there's better ways of doing that.

308

00:56:11.010 --> 00:56:21.010

So those are the kind of issues I want to deal with. It's a great little pocket park, but it's not living up his potential.

309

00:56:21.010 --> 00:56:29.010

Yeah, there's a lot of things to be done in that part. I don't know how many times I've gone there and I have cleaned it up and cleaned it up.

310

00:56:29.010 --> 00:56:45.010

But I will say this. He's, city website. It is the people who run that, are the best.

311

00:56:45.010 --> 00:56:55.010

They are amazing. If you go to their website, really simply use liberal services. Media comes down, very intuitive.

312

00:56:55.010 --> 00:56:59.010

You know, there's someone who dumped a bunch of industrial. I'm creating everything. I'll tell you a picture of it.

313

00:56:59.010 --> 00:57:17.010

Go back all go the line go to services. There's a big trash can. On it you go and put your name which information and grow a dot exactly where it is.

314

00:57:17.010 --> 00:57:26.010

Uptroll the photograph. Send it all. That would be taking care of within 2 days. Championship.

315

00:57:26.010 --> 00:57:33.010

Sometimes, very simple. The people who do that are Rafi, all the things to be done, but there's 2 things that we can do.

316

00:57:33.010 --> 00:57:59.010

And as the name of pros and then there's new development. We should all have a voice and One goes along in the neighborhood and how it blocks, you know, we want to make them feel like, This week is coming up in October, It's a big deal for the city.

317

00:57:59.010 --> 00:58:20.010

It's in the, and, and, It would be really nice if people come into town, you know, they're not looking at barge in the streets on signs or our parks that are really basic.

318

00:58:20.010 --> 00:58:29.010

App. There outside the rows there are these big sort of cut-out where I think they work better plant trees.

319

00:58:29.010 --> 00:58:35.010

But they never got plants and there's just big holes all the way up next to the sidewalk.

320

00:58:35.010 --> 00:58:43.010

Why can't you utilize that and do something really amazing? And so what we do, what I want to do is build.

321

00:58:43.010 --> 00:58:57.010

Okay. Please department and anyone who can be an ally and help us, you know, change some things and make it a better environment for all the residents and people across.

322

00:58:57.010 --> 00:59:09.010

So. Thank you. Thank you very much. Yeah, I just wanted to mention that our experience has been that when we use the app, we both do a lot of walking in the neighborhood.

323

00:59:09.010 --> 00:59:12.010

Yeah, it's not, it's not that unusual for them to come in, come out within 4 h and think about.

324

00:59:12.010 --> 00:59:17.010

Yeah. So the app is extremely effective. Yeah, yeah. My first time on the computer version, but you're right.

325

00:59:17.010 --> 00:59:29.010

There are 2 apps, by the way, not as light on springs. There is a PSPD.

326

00:59:29.010 --> 00:59:37.010

App. There's a police card. And they're both.

327

00:59:37.010 --> 01:00:07.010

Mark, report it out. It's people really looking at that. And then there's someone in our survey says something about the banners and signage that was on events around college in the desert.

328

01:00:16.010 --> 01:00:34.010

Yeah, all over. So it looks much better. Thank you very much. You want to put the next slide up and let's just think here 4 min to coffee your daughter and then you'll hear from a house member.

329

01:00:34.010 --> 01:01:04.010

She's over here just to find in that you were at the meeting and, Not sure.

330

01:02:15.010 --> 01:02:16.010

Hello?

331

01:02:16.010 --> 01:02:23.010

They don't get, they can take the presentation. Because it's really, There's, oh, you know what, Okay, Okay, Oh, Well, Yeah.

332
01:02:23.010 --> 01:02:29.010
Hello.

333
01:02:29.010 --> 01:02:38.010
Ned.

334
01:02:38.010 --> 01:02:39.010
Tell Ned to mute his mic.

335
01:02:39.010 --> 01:02:47.010
Okay, Okay. Is that Jane? Hey, Jane. Okay.

336
01:02:47.010 --> 01:03:17.010
Thank you.

337
01:08:38.010 --> 01:09:01.010
I'm. Just 3. Council member, to hurt it. It's so, Yes, Enjoyed it very
much and I'm glad.

338
01:09:01.010 --> 01:09:05.010
So thank you for your invitation. Appreciate it. Precate the invitation.
Thank you for all of you for being engaged in the neighborhood.

339
01:09:05.010 --> 01:09:28.010
I think that's the first and the foremost, most important thing that we
can do throughout the entire cities is have our neighborhoods have
residents that are engaged and committed to making sure that life in the
neighborhood is what you want it to just you want it to be.

340
01:09:28.010 --> 01:09:37.010
So thank you all for being engaged, you know, in Chris. I appreciate it.
Yeah, and one of the slides was talking about the 35 mile.

341
01:09:37.010 --> 01:09:45.010
And now, you know, we have 248 miles of roads and springs. And.

342
01:09:45.010 --> 01:09:56.010
We're now at the point where we only have 8% of those lines are posted at 40 miles an hour.

343
01:09:56.010 --> 01:10:01.010
Everything else is and you're putting on something. That's really good news from a safety standpoint.

344
01:10:01.010 --> 01:10:16.010
I think a lot of credit goes to Lisa Middleton. I'm working to get more 35 mile on ever songs posted but that that's a I asked about that recently.

345
01:10:16.010 --> 01:10:25.010
It was city staff and an interesting stat I thought. So the other thing I saw the priority for the neighborhood is homelessness.

346
01:10:25.010 --> 01:10:28.010
You know, it's, it's. Apply everywhere, you know, and it's such a big issue.

347
01:10:28.010 --> 01:10:41.010
Such a championship. And if there really was solutions, we wouldn't have homeless. Our own house individuals anywhere.

348
01:10:41.010 --> 01:10:51.010
But the solutions are easy. Obviously. So what we've got to look at is I loved hearing.

349
01:10:51.010 --> 01:10:59.010
Having neighborhood community coming together to talk about. What are some of the things that we can do as people in the city?

350
01:10:59.010 --> 01:11:10.010

Outside of the government. Structure. Nothing happens. That's in a government where we're at and especially here at Off Springs.

351

01:11:10.010 --> 01:11:13.010

I learned a very quick, right? But I think one of the one of the things we can do is exactly what your committee's doing.

352

01:11:13.010 --> 01:11:36.010

It's bringing committed people in the neighborhood. Who are compassionate, that want to see a change, want to help those who run house come together and look at ways that in each neighborhood we can make a difference.

353

01:11:36.010 --> 01:11:40.010

And, and, yeah, that's gonna, we did too. I've been trying to get this last year.

354

01:11:40.010 --> 01:11:55.010

Task Force committee, not a city organized committee, but exactly what you've got here. Addressing those issues and looking at best practices.

355

01:11:55.010 --> 01:12:03.010

In other other cities, other states, other countries in, you know, what can we do outside of that government structure.

356

01:12:03.010 --> 01:12:08.010

And there's a lot of really good programs and good effort being undertaken for the homeless community. In many cities and states.

357

01:12:08.010 --> 01:12:25.010

And as a citizen driven effort, we can see some of those programs implemented here. And do it outside of the government structure because it just, it's going to take us forever and it won't happen.

358

01:12:25.010 --> 01:12:36.010

So I think there's, I love hearing that there's a committee and courage participation and looking at.

359

01:12:36.010 --> 01:12:45.010

The, best practices from other cities. You know, when a friend tells you, oh, we do this in our city.

360

01:12:45.010 --> 01:12:56.010

And look, look into it. Let's see, okay, was that something we can do in our Things as simple as working with the social service organizations that are providing food.

361

01:12:56.010 --> 01:13:15.010

To the, you know, working with them to centralize that effort, working with them, to, really help and assist with the trash that comes from that type of food service and it's little things like that working with police department.

362

01:13:15.010 --> 01:13:25.010

Let's see, where are the hot pockets for them? And then how can we as a community neighborhood provide more eyes in the ears to help the police department.

363

01:13:25.010 --> 01:13:37.010

The police department started operation summarizing. And. We don't hear a lot about what's happening with.

364

01:13:37.010 --> 01:13:46.010

The operations sometimes or operation relentless sun doesn't do another new app and program the police department suing.

365

01:13:46.010 --> 01:13:53.010

But we let the sun, you know, they contacted since February. About 400 homeless individuals that the police department now has a census on and they know who they are.

366

01:13:53.010 --> 01:14:02.010

They know their names. They talk to them. They, they're reaching out to them. They're becoming familiar with them.

367

01:14:02.010 --> 01:14:16.010

They're creating relationships with these individuals that they're encountering. We've sent. Reunited.

368

01:14:16.010 --> 01:14:24.010

We didn't send anybody anywhere. We reunited. I think it's 2122 people with their families or their own cities.

369

01:14:24.010 --> 01:14:37.010

That's incredible. That's a great number. You know, when we look at 400 is our statistic for homelessness, our statistic for homelessness here, being able to, 400 is our statistic for homelessness here, being able to renovate really not 21 people'sness here.

370

01:14:37.010 --> 01:14:49.010

Being able to renew, reno, really not 20 white peoples. When I heard that, also through the police department's efforts, when I heard that, that is, that is incredible.

371

01:14:49.010 --> 01:14:55.010

And I told the chief, he's got to get out there and talk about that. Also through the police department's efforts. I told the chief, he's got to get out there and talk about that.

372

01:14:55.010 --> 01:14:56.010

Also through the police department's efforts, so huge progress on such a big issue.

373

01:14:56.010 --> 01:15:17.010

And credit to the police department because a lot of this day-to-day has fallen on the police department and it really is not you know we need mental health experts that are on the street providing support.

374

01:15:17.010 --> 01:15:31.010

We need those social services providers 7 days a week creating relationships with these folks. Thankfully we've got a great police department and they're committed to reaching out and doing what they can to help.

375

01:15:31.010 --> 01:15:43.010

So, pass off to PD and hats off to the work that they're doing. We are trying to help those who are on house because it's not easy.

376

01:15:43.010 --> 01:16:01.010

Yeah, I see sometimes on the wonderful resource, neighborhood. What is it? Thanks. Yeah, you'll know that's that's a source of valuable information that's expert.

377

01:16:01.010 --> 01:16:10.010

Well, I see. I see. And the outside of that, I see. Let's talk about.

378

01:16:10.010 --> 01:16:13.010

The

379

01:16:13.010 --> 01:16:28.010

That comes from, we're not doing anything. We're not arresting these people or knowing them to live on the street and live this lifestyle that is having to negative impact.

380

01:16:28.010 --> 01:16:42.010

On all of us. And I feel bad because they're just. So As to. What is truly happening?

381

01:16:42.010 --> 01:16:46.010

You know, there's, we hear this number and it applies for Palm Springs to from the research that the police department has done in the county.

382

01:16:46.010 --> 01:17:00.010

30% of the folks on the street. Are individuals that are in mental health crisis and they need help.

383

01:17:00.010 --> 01:17:07.010

They're choosing not to have help. And we were powerless. At that point. We cannot.

384

01:17:07.010 --> 01:17:25.010

There is no conservatorship. Yeah, true. So the city cannot take. Control and and give them take them to assistance and medical Good.

385

01:17:25.010 --> 01:17:34.010

So that's about a third of the people we see in the street. The other third is.

386

01:17:34.010 --> 01:17:45.010

The primarily the down individuals that Ned talked about, lot of growing senior population. Seniors and youth.

387

01:17:45.010 --> 01:17:56.010

That are just down on their book and they were paycheck away from. Not have a problem with other bills to pay their rent and then they finally get kicked out.

388

01:17:56.010 --> 01:18:13.010

Those people, many of those people, And those are the people that I talk about in the police requirements operation where like the sun that the PD has been touching, they're talking to and they're becoming familiar with, creating a relationship with.

389

01:18:13.010 --> 01:18:21.010

And that establishes a sense of confidence in comfort with in-house. To not be afraid of the police.

390

01:18:21.010 --> 01:18:26.010

That's to understand the police appear to help and try to get some support. That group, I think we're having some good impact.

391

01:18:26.010 --> 01:18:39.010

It doesn't seem like that. It doesn't feel like that from what we see on the street, but to have 21 people returned home, about 30 put into housing just from our police department.

392

01:18:39.010 --> 01:18:49.010

This is just one program. That is huge success. And in a population of 400. The other 30%.

393

01:18:49.010 --> 01:19:00.010

Or something. Our folks that are, Drunk users. Drug users and they don't want help.

394

01:19:00.010 --> 01:19:13.010

They're choosing to live the life that they're living on the street. They're not at the point in their life yet to seek help.

395

01:19:13.010 --> 01:19:21.010

For the situation that they're in. And there too, we can't do anything to force help.

396

01:19:21.010 --> 01:19:27.010

On that individual. Now the police that we see cut frequently. I'm sure you've seen it.

397

01:19:27.010 --> 01:19:32.010

Why are we being buying these people being arrested? Why aren't they being arrested? Oh, PD.

398

01:19:32.010 --> 01:19:50.010

If somebody's arrested today. For possession of small. Any truck They're not in. Our district attorney in the state of California, we no longer will prosecute these minor offences.

399

01:19:50.010 --> 01:19:59.010

So if the police department comes up with somebody who's habitually and creating an issue with their drug use.

400

01:19:59.010 --> 01:20:11.010

And then they're arrested. They literally are back in Palm Springs within hours on the street because they will not be held.

401

01:20:11.010 --> 01:20:20.010

They will not be prosecuted. The DA will not prosecute. And this population knows that.

402

01:20:20.010 --> 01:20:32.010

And they survive, you know, that's why we're seeing a lot of comments on petty theft and petty crime and people break into the garage or stealing their bicycle when they turn the other way.

403

01:20:32.010 --> 01:20:40.010

Unloading their groceries, whatever it might be. A lot of that petty is driven by.

404

01:20:40.010 --> 01:20:46.010

Folks that are Trump that need to be in their habit. And. Sadly, it takes a lot for them.

405

01:20:46.010 --> 01:21:10.010

A lot of, so the value has to be so significant, then a charge can stick. So it's, it's a top situation that we are in with that penny theft in that crime that comes out of small percentage.

406

01:21:10.010 --> 01:21:19.010

Of individuals that we see in our commonly labeled as the homeless. And if we could help them. A city in the county, you know, we're there to provide that.

407

01:21:19.010 --> 01:21:35.010

I was on right along with one of our incredible officers. In the entire shift. And maybe there's, 12.

408

01:21:35.010 --> 01:21:45.010

12 calls that'd be responded to. How many of those calls do you think were? Mental health.

409

01:21:45.010 --> 01:21:53.010

Let's start. All the 1. One was an alarm going, door at a, a vacant.

410

01:21:53.010 --> 01:22:05.010

Every other call. And I'm sitting here, This police officer shouldn't be here.

411

01:22:05.010 --> 01:22:12.010

This is not a police officer's This isn't their their cup of tea. They don't have that expertise.

412

01:22:12.010 --> 01:22:22.010

To respond to this guy that we're talking to right now. And but our officer, he was, you know, can't sing their praises enough.

413

01:22:22.010 --> 01:22:43.010

Knew the individual because the pre put fires and the police have common interaction. Was able to get down and talk to him on his love and have a conversation and share, you know, the fact that they know each other and have a conversation and share, you know, the fact that they know each other.

414

01:22:43.010 --> 01:22:46.010

And, you know, the fact that they know each other. And through that conversation that was very familiar and friendly.

415

01:22:46.010 --> 01:23:04.010

This individual said, you know what, I want to go and get healthy. So we were able to take them to, the service place, where they can check in for 24 h and see the medical support.

416

01:23:04.010 --> 01:23:14.010

But the amount of time that just that one situation. That officer could have been on the street.

417

01:23:14.010 --> 01:23:24.010

Monitoring traffic. They could prevent having a presence in any other neighborhood. But we probably spent an hour, on that one incident.

418

01:23:24.010 --> 01:23:36.010

And that really should have been. A crisis mental health gene responding. And so many of our calls are like that.

419

01:23:36.010 --> 01:23:56.010

So that's why I'm advocating and really pushing for the fact that we need to, if the county is not going to fund it, the city we have to fund getting a team of a couple mental health crisis responders that are in place and take the time.

420

01:23:56.010 --> 01:24:09.010

Continue to work with the police department. Train dispatch. So they're, their, their learning and they understand when it's a Oh, safety response that's required by the police department or if this person is a health crisis and a mental health responder can go.

421

01:24:09.010 --> 01:24:23.010

So, you know, that's that's a dream and it will take time for us to get there but we suddenly have to go that direction and that's what I committed to.

422

01:24:23.010 --> 01:24:30.010

So I'm happy to see the neighborhood. It's a primary focus because that's a primary focus.

423

01:24:30.010 --> 01:24:43.010

There is a lot of drug being going on. Looked up next to the other. We were at the Rose Park. And I pulled up next to the air truck.

424

01:24:43.010 --> 01:24:47.010

There were 3 or 4 of them. And I pulled up next to the air truck. There were 3 or 4 of when I was at the other.

425

01:24:47.010 --> 01:24:56.010

And then, there were 3 or 4 of when I said the other minute, IS, IS, IS, IN, THE, LIKE, IN, THE, BACK, and, BY, SAY, they're homeless.

426

01:24:56.010 --> 01:24:58.010

There's one time, IT, IS, IT, came up, the guy opened up his door.

427

01:24:58.010 --> 01:25:09.010

I've got getting money, and I'm, going, to, to, It doesn't even.

428

01:25:09.010 --> 01:25:19.010

Serve time for our police department to rest anyone. We can give him a san. Their, citations are going to stack it up.

429

01:25:19.010 --> 01:25:27.010

And I think that is a goal the chief has. The focus is to go after the distribution. Channel that exists and how those drugs are coming into Palm Springs.

430

01:25:27.010 --> 01:25:48.010

Huge amounts of all, not just Palm Springs, but this is everywhere. And, and, focus that supply and that's coming in because those charges will hold.

431

01:25:48.010 --> 01:25:56.010

In court. Folks that have, you know, 100 pounds of drugs that they've been arrested.

432

01:25:56.010 --> 01:26:08.010

But those individuals can get charged. And that charged the stick and the DA will prosecute people that at large amounts of drugs.

433

01:26:08.010 --> 01:26:14.010

It's a little, it's the guys on the street that are. Selling 50 bucks.

434

01:26:14.010 --> 01:26:23.010

Sounding lots, a hundred bucks. disappointing. But there's not much that's going to happen to that individual.

435

01:26:23.010 --> 01:26:33.010

So we got to stop it on the other end and I think that's what your point was. It's really stopping it on stop the supply and our drug enforcing task force.

436

01:26:33.010 --> 01:26:50.010

We've had a great team of officers that there's sole job is to focus on a drug enforcement investigations and they do a great job.

437

01:26:50.010 --> 01:27:02.010

Yeah. So I'm a social worker here and I work with seniors on fixed incomes and what we are seeing is they're renting apartments in the city and the rents are rising.

438

01:27:02.010 --> 01:27:09.010

What is the city? There is a portable housing. There's not enough up and the wait list can be 5 years.

439

01:27:09.010 --> 01:27:17.010

So what is the city? Is there a plan to? Pass rent control laws or protections for ventures.

440

01:27:17.010 --> 01:27:22.010

And I've lived here for a time in 13 years, you know, paying \$900 an hour.

441

01:27:22.010 --> 01:27:38.010

That person wants to, you know, change their building. Yeah, it's a tough situation. And I think, what's more, I'm focused on is, getting more funding into programs that can keep that senior in their house.

442

01:27:38.010 --> 01:28:03.010

It's much cheaper and more value than us. Paying that individual \$200 to keep them in their house than to have them risk going on the street so we can do so much more with supporting that type of a program and they exist but they need money they need more money and a million dollars a program like that can have a significant impact on the lives of not just seniors, but seen it's an important class.

443

01:28:03.010 --> 01:28:13.010

But people who are in that situation that they're being priced out of the home that they're living in.

444

01:28:13.010 --> 01:28:30.010

You can't you can look at some rent control challenges and we implemented emergency rank control during COVID. But that's not really addressing the real issue, which is the right to cost your passion.

445

01:28:30.010 --> 01:28:40.010

And so, how are workers more sure economic? First try to prevent it from those that are in them to keep them there by helping them financially.

446

01:28:40.010 --> 01:28:51.010

The next one is the next big plane is accessible. I hate using affordable housing that I like a accessible house.

447

01:28:51.010 --> 01:28:59.010

So we have to be aggressive in building accessible housing. We don't have housing for our workforce. That works in both strings that would like to live in Pop Springs and have their family here.

448

01:28:59.010 --> 01:29:14.010

Be together, not be spending an hour and a half every day. Driving back and forth down the valley in the springs.

449

01:29:14.010 --> 01:29:32.010

So working on multiple multi 100 units. Complexes is, is one priority. The other priority is the continued expansion and support and growth and investment in big dollars that the cities may be.

450

01:29:32.010 --> 01:29:43.010

On affordable housing units. We've got 3 coming on the line right now, 70 units over by the 1,500, and one pub of those 71, 25 of them are dedicated.

451

01:29:43.010 --> 01:29:49.010

To homeless and transitioning homeless off the street. The rest are dedicated to seniors. So that is all controlled.

452

01:29:49.010 --> 01:30:01.010

Income affordable housing in that location. We've got the allo, you got DAP, so in the unit, same thing.

453

01:30:01.010 --> 01:30:11.010

There's specifically dedicated and set aside. Units and I think, 100 5,160 units that are coming on now.

454

01:30:11.010 --> 01:30:29.010

So that's what we have to keep doing. We have to remain committed. To funding those types of programs and it's not cheap the one over by 1501 is a 40 million dollar project for 71 That's 650.

455

01:30:29.010 --> 01:30:42.010

\$7,000 per home. But if we don't do it, what's gonna happen? Regardless of the amount, we have to get over the Everything's expensive today.

456

01:30:42.010 --> 01:30:49.010

We have to accept the fact it's going to cost money and we have to do it. We're going to continue to force seniors.

457

01:30:49.010 --> 01:31:04.010

Into living horrible conditions or you know end up on the street. So that's important and that's you know that's where you're seeing the city council was very committed to, you know, that's where you're seeing the city council is very committed to investing and continuing to look at those opportunities.

458

01:31:04.010 --> 01:31:07.010

We're looking at a city council is very committed to investing and continuing to look at those opportunities. We're looking at, to establish 3 lots in up in desert islands for affordable development.

459

01:31:07.010 --> 01:31:28.010

Up in that area, lands for affordable development up in that area and we're continuing always looking at how can the city take over that property and be engaged and helping that to become.

460

01:31:28.010 --> 01:31:39.010

An accessible housing development. With our investment with your investment with everybody in the cities invest in the funds to make that happen.

461

01:31:39.010 --> 01:31:41.010

So I mean, you've got a council today that everybody across the board is very committed to focus.

462

01:31:41.010 --> 01:31:53.010

On looking at those opportunities and then we have to continue. And we know we have to, in your housing plan, the housing element, someone's going to talk to you.

463

01:31:53.010 --> 01:32:10.010

You know incredible and how many have the chance to housing yeah it's 249 pages it's not something that you're going to sit down and not fall asleep on.

464

01:32:10.010 --> 01:32:15.010

But if you do look at it, it is such an eye-opening educational experience that addresses the housing issue in Palm Springs.

465

01:32:15.010 --> 01:32:23.010

So I encourage everybody to check it out. It's the plans required by the state. It's the law required.

466

01:32:23.010 --> 01:32:34.010

We need to update our plan. So we know we need to meet the state requirements. We need to update our plan.

467

01:32:34.010 --> 01:32:35.010

So we know we need to meet the state requirements what we need to have for housing in the future. We don't need about 2,500.

468

01:32:35.010 --> 01:32:59.010

How new homes develop that basically 50% of those are acceptable to the folks that are under meeting income. The other 50% are you know for above you know high income individuals but the remaining 50 25% 25% 25% for the lowest earning people.

469

01:32:59.010 --> 01:33:12.010

And another 25% is targeted to that. Medium income individual. So, 2,500 units that we have to have on board.

470

01:33:12.010 --> 01:33:27.010

We've got 171 that I just talked to you about. We're working on and another, you know, other other developments that can come in, one in particular, fingers crossed is going to be over 400.

471

01:33:27.010 --> 01:33:37.010

And that's specifically targeted though. To the workforce. So we know we can provide housing good houses.

472

01:33:37.010 --> 01:33:46.010

Not low in, you know, places where everybody would be happy to live. So that's what we have to.

473

01:33:46.010 --> 01:33:56.010

So you need the big elephant in the room are the nippies not by backyard. This always seems to be an organized group in a neighborhood.

474

01:33:56.010 --> 01:34:01.010

So how is the city going to work about that? You have vacant property that very well. So how is the city going to work about that?

475

01:34:01.010 --> 01:34:03.010

You have vacant property very well near a bus stop and location but the NINDIES could take the decay watch city council then gets intimidated.

476

01:34:03.010 --> 01:34:12.010

And then they try to find another site and that's a big cycle that we have here. I think it's a big cycle that we have here.

477

01:34:12.010 --> 01:34:18.010

I think it's unfortunate that there are groups around Palm Springs. That we have here and I think it's unfortunate that there are groups around Palm Springs that there are groups around Palm Springs that's appear to talk to be social, that's appear to talk to be socially, responsible, but they're not.

478

01:34:18.010 --> 01:34:26.010

Yeah, so that's gonna happen the video, that's not gonna say he's not gonna change your mind, but if the, level.

479

01:34:26.010 --> 01:34:34.010

When this is done the next and we panel discussion is about housing element and about what it says in about Bristol.

480

01:34:34.010 --> 01:35:00.010

Go to the example, housing that's predicted to go in or projected or. In the general plan off spring, it's going to be in the Okay, I'm gonna show you the slide, but also we're gonna show you the boards talk about this extensively, the 5 and posted a 5 page summary of the housing development on our website.

481

01:35:00.010 --> 01:35:04.010

That applies just to, But, Boris also believes that we can turn this into an advantage for us.

482

01:35:04.010 --> 01:35:18.010

And that is how that's answer your question. Here's how it's going to benefit.

483

01:35:18.010 --> 01:35:25.010

And go home and go to San Rafael and in North We'll do that. That's modern.

484

01:35:25.010 --> 01:35:39.010

There's nothing that you would have one in your neighborhood. She prefer that a lot. Imagine replacing it with a structure, like that.

485

01:35:39.010 --> 01:35:48.010

In fact, it's accessible is something that we might know, but otherwise, We're kidding to that.

486

01:35:48.010 --> 01:36:02.010

I mean, yeah, and the other thing is When is, Yeah. We're 85 years old as a city.

487

01:36:02.010 --> 01:36:09.010

You know, that mentality existed in the first 5, 10 years of this city's development and it's never left.

488

01:36:09.010 --> 01:36:28.010

You know, it's just like everywhere else. But I think has even even more exaggerated here because we've been we are and have been a city of second homes, a city of traffic getaways, a resort city, a resort town, and and that's the way we've been from day one.

489

01:36:28.010 --> 01:36:37.010

And we're still that way today. It drives our economy. Tourism is what makes this city run.

490

01:36:37.010 --> 01:36:40.010

Tourism is what helps us pay. Our firefighters, a firefighter department, the 44 million dollars to our police department.

491

01:36:40.010 --> 01:36:56.010

So what takes, what we need is we courageous. Individuals in neighborhoods standing on the same.

492

01:36:56.010 --> 01:37:06.010

That no this is what we need in our neighborhood and you need courage to city council members that are gonna stand and support that.

493

01:37:06.010 --> 01:37:21.010

Just one more question about housing. Is the city council like looking at? You know, what you just described like going around to other communities and understanding because for example, portable housing is great.

494

01:37:21.010 --> 01:37:27.010

But as you know, affordable housing, what you pay an affordable housing interface on the medium rent income of the area.

495

01:37:27.010 --> 01:37:35.010

So if the rents continue to rise. That rent will also rise for people who are not very fixed incomes, right?

496

01:37:35.010 --> 01:37:41.010

So you know, like a whole city approach in terms of not just affordable housing, which is great, but really addressing the cost of living in general.

497

01:37:41.010 --> 01:38:00.010

And specifically housing. You know, like rep control and other. You know what I'm saying? And one of the things that we can do as a city is we can work with a.

498

01:38:00.010 --> 01:38:14.010

We can help provide incredible incentives so it becomes financially viable. For them to come in to Palm Springs and not build that 3 million dollar home.

499

01:38:14.010 --> 01:38:25.010

But build a 15 unit complex. And that's what it's going to take. It's going to take a commitment to creative.

500

01:38:25.010 --> 01:38:30.010

Development programs. It's gonna take changing our perception of palm strings that were too difficult to work with.

501

01:38:30.010 --> 01:38:44.010

We've got to change that per second that some developers have that that some developers have that this city does not want development and growth.

502

01:38:44.010 --> 01:38:54.010

And that we're hard to work with. And that is out there. And that is a perception that exists.

503

01:38:54.010 --> 01:39:00.010

And I think our new city manager stopped styles in the short time he's run here. We're already making some great progress.

504

01:39:00.010 --> 01:39:14.010

And the way that developers builders can work with our city in a streamlined Ask, fashion.

505

01:39:14.010 --> 01:39:26.010

That's approved. Processing their payments. And it's become more automated and less a human involved by touch and very clearly consuming.

506

01:39:26.010 --> 01:39:35.010

So changing perception is very important. We've got to encourage those builders to come back here and we've got to sit down with and tell, no, we want.

507

01:39:35.010 --> 01:39:43.010

We want you to come and we want to help you. We want to help you build. That will take time.

508

01:39:43.010 --> 01:39:55.010

It's gonna take too far. I have a question. Yeah, when it comes to affordable housing and you know, black out of it, that's all.

509

01:39:55.010 --> 01:40:01.010

How much help is, I mean, this is not. Just a Palm Springs problem. This is an everywhere.

510

01:40:01.010 --> 01:40:11.010

This is a problem in development for over 40 plus years. Because the past where's the body coming?

511

01:40:11.010 --> 01:40:21.010

I mean, how much help is, as, how much money is coming from the state, how much money is going on account, because I don't think it should be on just Okay.

512

01:40:21.010 --> 01:40:32.010

Kind of And that's what we've seen in the last. You know we many cities. It is county.

513

01:40:32.010 --> 01:40:43.010

Responsibility. Checking. That is the government entity who is charged with. Situation.

514

01:40:43.010 --> 01:40:51.010

County gets money from the state. We have been on the short end of the stick for a long time.

515

01:40:51.010 --> 01:41:06.010

Was county funny. So how long do you continue to sit in that situation before we have to as city leaders change our thought process and say, okay, great, that somebody else's responsibility.

516

01:41:06.010 --> 01:41:13.010

But we need to step in and do something because what has been done is it working and we're not moving forward.

517

01:41:13.010 --> 01:41:19.010

So that's why you're seeing. Incredible investment from the city of Palm Springs.

518

01:41:19.010 --> 01:41:30.010

You know, the last budget there was 10 million dollars set aside for programs for the homelessness situation.

519

01:41:30.010 --> 01:41:51.010

We've got another, I believe there's about 10 million in this current budget. And it's those funds that are, you know, we have those ones, we're putting those funds to support some of these programs and that's where the money for like the mental health crisis team will come from.

520

01:41:51.010 --> 01:42:02.010

We just, are being asked for a million dollars to be used for another program that provides support to keep people in their housing.

521

01:42:02.010 --> 01:42:32.010

And their houses now. So that's another 1 million dollars. If you look at it over the last 3 years, 4 years, I think the city has been involved in about 63 million dollars worth of I need an investment or, whether it's, the housing units that I already talked to you about programs that the police department is behind.

522

01:42:32.010 --> 01:42:50.010

That that we saw about their involvement. And it's probably 15 different. Efforts are underway and that includes the navigation center We need a navigation center.

523

01:42:50.010 --> 01:43:13.010

Oral name. You can help me come up with a name unless She said, It's important because It's a huge tool.

524

01:43:13.010 --> 01:43:26.010

Not for only the 30% that are down. It's a great transition opportunity for them to come in, have immediate overnight housing, go into a longer term.

525

01:43:26.010 --> 01:43:42.010

Family unit or individual units on property and then transition out into long-term Yes. The, 30% mental health there on the street.

526

01:43:42.010 --> 01:43:50.010

We can't do anything like I told you. But if we have a bed to put a We can put in that.

527

01:43:50.010 --> 01:44:03.010

Same with those drug users. Of the folks on the street. If we have a We can take them and put them in the bed.

528

01:44:03.010 --> 01:44:11.010

And what's magical about that is once we can get an end to that system. There's mental health.

529

01:44:11.010 --> 01:44:16.010

So this is available. There's social services a bit, but there's access to drop coming.

530

01:44:16.010 --> 01:44:22.010

There's, medical, support. This system note is available food there.

531

01:44:22.010 --> 01:44:31.010

So our likelihood that we're going to be able to help some of these individuals that are experiencing mental health crisis is going to go up significantly.

532

01:44:31.010 --> 01:44:41.010

Because they're, they're going to be in a familiar environment. In and they're gonna see access more readily available.

533

01:44:41.010 --> 01:44:54.010

So the navigation center is a huge tool. That, we have to go. Cause if we don't have those 130 beds at the navigation center.

534

01:44:54.010 --> 01:45:01.010

130 people are going to stay on the street and there's nothing we can do. We get those beds.

535

01:45:01.010 --> 01:45:09.010
The police department is the power to put those. So.

536
01:45:09.010 --> 01:45:37.010
How about the healthy coalition center? And last question, Let's No one is a bad idea. Yeah, I appreciate the invitation to be here.

537
01:45:37.010 --> 01:45:44.010
That was great. Thank you. Appreciate it. We just got one more item and then we're about all right home.

538
01:45:44.010 --> 01:45:54.010
And, Okay. Did you make it today? I guess is if that was a communication in your life.

539
01:45:54.010 --> 01:46:03.010
You can see all this is right where you're asking. Always very helpful. So we've had another means and we'll do it again.

540
01:46:03.010 --> 01:46:12.010
I have a, this next slide. I hope so. So, the general plan, palm screens, one morning.

541
01:46:12.010 --> 01:46:17.010
Thank you. Very much. A gentleman upon strings, part of it. It's a huge plan.

542
01:46:17.010 --> 01:46:22.010
Part of this is 246. Housing element. It's an element. A general plan.

543
01:46:22.010 --> 01:46:30.010
That's what it means. And we reviewed it for Baristo and it says it's one paragraph here.

544
01:46:30.010 --> 01:46:39.010

This neighborhood is in section 14, the historic district of Palm Springs. The neighborhood is considered a high resource neighborhood.

545

01:46:39.010 --> 01:46:49.010

With a mix of vacant and developed sites predominantly white and with residents generally lower incomes. Here's the sentence.

546

01:46:49.010 --> 01:46:57.010

The housing sites in this area could accommodate 78 moderate in 562 lower income units.

547

01:46:57.010 --> 01:47:16.010

Although that includes a significant product. So the housing element is suggesting that this much lower income, could be added to it and should be added to the, so that's now officially part of the general plan.

548

01:47:16.010 --> 01:47:26.010

Yeah, our initial thought is. Do we want to be, or do we want to really embrace this and see problems?

549

01:47:26.010 --> 01:47:36.010

Part of the problem you raise is supply. I mean, if we don't have a supply, sufficient supply of housing.

550

01:47:36.010 --> 01:47:45.010

President. So if we can increase the supply and help the city increase the supply. Which is what they want to do.

551

01:47:45.010 --> 01:47:58.010

We can leverage this. To our advantage. So our idea is take this element. And leverage it to make Maristo a better name.

552

01:47:58.010 --> 01:48:09.010

Meantime, not only demanded any new housing looks modern, it looks appropriate, but demand more green space from the city.

553

01:48:09.010 --> 01:48:22.010

More empty lots, use our empty lives. Have residential focus trees. All this new. Additional housing.

554

01:48:22.010 --> 01:48:26.010

Especially low income, these streets need to be Residential focus, we need a traffic circle or 2.

555

01:48:26.010 --> 01:48:42.010

We need walking paths. We need bike paths. We need bike paths. We need traffic, better traffic safety and more putification, more attention to the park, or parks.

556

01:48:42.010 --> 01:48:50.010

So our point of view is fine. You need an area to bring and there are only 3 neighborhoods in the city, 52 neighborhoods.

557

01:48:50.010 --> 01:49:03.010

3. One of the 3, largest in the 3. Can you hear the goods are targeted? Or all of that housing for the next 8 years that will be added.

558

01:49:03.010 --> 01:49:17.010

And the category which has been our escape. So we're one of them and we say let's take that plan and leverage it to get the things that we all want sort of whole neighborhood.

559

01:49:17.010 --> 01:49:28.010

Is improved, not just. IN. The visual. Yeah, so is that general plan?

560

01:49:28.010 --> 01:49:36.010

Yes, so. Yeah, to that, the specific section, 14 plan referenced within this.

561

01:49:36.010 --> 01:49:45.010

So if you don't know, there is, it's about 8 years old, but it's still very well, but then I think it's is right on for us.

562

01:49:45.010 --> 01:49:57.010

There is a specific section, 14 plan. We are half of section 14. To to generalize we have the residential.

563

01:49:57.010 --> 01:49:59.010

And the other side, is a commercial, the convention center, the casino, the huge hotels.

564

01:49:59.010 --> 01:50:16.010

That sort. So we are the residential part of section 14 and the specific plan also calls for pedest more pedestrian pad, more bite planes.

565

01:50:16.010 --> 01:50:28.010

Same, the public transportation easily to get from other parts of the neighborhood right downtown because top was, the 2 corridors going into.

566

01:50:28.010 --> 01:50:39.010

So that's a really important point and they do the answer yes, but we need to decompose it.

567

01:50:39.010 --> 01:50:49.010

So this is where the phone is going. This is not a work group issue at this point. We distributed the housing element, all the membership that we get.

568

01:50:49.010 --> 01:51:00.010

A couple of months ago as well as the summary but those 6 are also on our website. And section 14, I think it's on our website, but it isn't all.

569

01:51:00.010 --> 01:51:06.010

We'll put it up there. Okay, I know we're birthed end of our time.

570

01:51:06.010 --> 01:51:22.010

I didn't hear questions on how very excellent we're into the plot. But supply in the man is probably Okay, I don't see you get the supply.

571

01:51:22.010 --> 01:51:49.010

IT was related to both. I just wanted to bring people's attention. In early 2023 there was an article in the Atlantic and there been interviews and online but you can actually access the report and they study the homeless population in California and dealt with all the myths.

572

01:51:49.010 --> 01:52:00.010

About who actually is homeless and where they come from and all that kind of stuff. It's considered right.

573

01:52:00.010 --> 01:52:09.010

It is great. Is a problem. It's not a problem. It's not a no problem.

574

01:52:09.010 --> 01:52:14.010

It's it. So how's your problem? Telford has a third of the countries.

575

01:52:14.010 --> 01:52:28.010

Bolus is how Calvin has finished. Another question. It's more complex than that, but in short, we don't solve policy and we don't solve anything else.

576

01:52:28.010 --> 01:52:43.010

And this homeless element actually has about 20 pages on all the regulations. But, Starting with something that really made it harder to build accessible policy.

577

01:52:43.010 --> 01:52:54.010

Okay, have to deal with. Progress is getting better regulations, but every city in the country.

578

01:52:54.010 --> 01:53:13.010

Especially in California, we have 20 different. It's Okay. Okay, that's Swall the power.

579

01:53:13.010 --> 01:53:43.010

But meeting You know.
